
Addendum I

TO: Residential Roll-out Curbside Collection Containers RFP

FROM: Solid Waste Division, Public Works Department

DATE: January 13, 2017

SUBJECT: Addendum to the current ***Residential Roll-out Curbside Collection Containers Request for Proposals (RFP)***

After review of the Residential Roll-out Curbside Collection Containers RFP and requests for varying exceptions to the specifications, a couple of changes were made to the RFP language to allow for more flexibility in bid responses.

Previous specification requirements:

1. General Scope and Location of Work

- The product shall have a load rating of at least 340 pounds.
- Container shall have 12 inch Snap-On wheels.

REVISED specification requirements:

2. General Scope and Location of Work

- The product shall have a load rating of **at least 335 pounds**.
- Container shall have **(10-12) inch** Snap-On wheels.

The RFP proposal deadline is **Friday, January 20th at 1:00 p.m.**

Said changes referenced above will be included in the awarding contract.
